

CC 9060 Plus + System 9

Voice-controlled
Bluetooth® hands-free car kit
with touch screen

Add-on unit for
Bluetooth® hands-free car kits

DialogPlus voice control – fast and accurate word recognition; no voice training required; visual and audio prompts

Multipoint-function – simultaneous connection of two mobile phones to the system is possible

Magic word – activation of the voice control with a single voice command

Voice memo function – record telephone calls and leave behind instructions for other drivers

Unlimited talk time in the vehicle thanks to **charging function**

Optimum connection with your dialogue partner thanks to **external antenna**

Convenient and **secure placement** of mobile phones

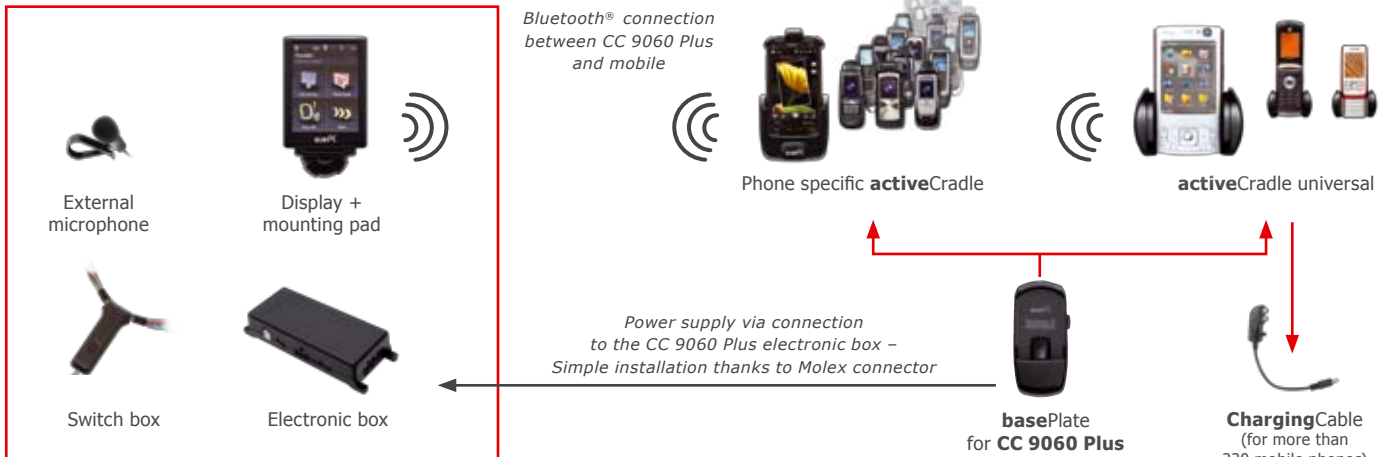

Patented: **quick and easy snap-in mounting** of the cradles

A great team
A great team

CC 9060 Plus + System 9

in detail

- **Touch screen** – easy-to-use system with intuitive multifunction display
- **Voice dialling**
- **Crystal-clear voice reproduction** via vehicle's built-in sound system; automatic radio muting when calling
- The separate **level-adjustment of the microphone and loudspeaker** is possible via the HFCK menu
- **Multiple call handling** – swap and hold calls, conference with up to 7 participants¹
- **MP3 playback** from mobile phone via the car hi-fi system^{1,2}
- **Display shows contacts**, call log, reception quality, battery status, etc.¹
- **Stores multiple numbers** for one contact
- Maximum capacity: 10 handsets, **1000 text messages**, 150 voice tags, **15.000 contacts** (up to 1.500 contacts per phone)
- **Light sensor** – automatically switches between day and night mode
- **Text-to-speech**¹ – reads out text messages, Blackberry e-mails and phone book entries aloud

¹The scope of the functions may vary according to mobile phone, network provider and software version

²AUX cable or CAR MP3/CD Adapter needed (accessory)

Display colour scheme can be matched to the car interior. For example:

The principle:

1. Select the space and type of installation for the **basePlate**.
2. Place the mobile phone specific or universal cradle in the **basePlate**.
3. Make phone calls with optimum reception and full batteries.
